

Create directory/HLIB

Copy HLib-1.4alpha.zip from my dropbox to this directory

%Unzip it by typing

```
tar -xvf HLib-1.4alpha.zip
```

```
cd HLib-1.4alpha
```

% type

```
pwd
```

% you will get something like this

```
/Users/litvina/Documents/HLIB/HLib-1.4alpha
```

% type

```
./configure --prefix=/Users/litvina/Documents/HLIB/HLIB14
```

%wait, then

```
make
```

%wait, then

```
make install
```
